

# Solar & Storage

## Media Kit 2016

As the flagship publication of the Australian Solar Council and the Energy Storage Council **Solar & Storage** is a unique technical resource that delivers insights and analysis to the solar industry.

### Solar & Storage Magazine

**Solar & Storage** magazine, formerly called **Solar Progress**, is published quarterly. This journal has been published continually since 1980 and enjoys a unique readership in the Australian solar industry. Articles in **Solar & Storage** are written by scientists, engineers and other technical experts. Features covering solar and storage policy are also a regular inclusion.

### Solar & Storage e-bulletin

Combining the strength of **Solar & Storage** quarterly magazine, **Solar & Storage E-Bulletin** is a fortnightly email sent to our 18,000 strong subscriber list. This newsletter includes up-to-date industry and Solar Council and Energy Storage Council news.

Advertising in this space offers and exclusive placement with limited availability for advertisers. Banner positions will be at the top, middle and bottom of the email. Ad placement will be on rotation per fortnightly edition.

Magazine Print and Distribution: **5000** Magazine Readership: **Estimated at 18,000**
